

## 1. Professionalism

**Each student graduating from BCM will:**

- 1.1. Apply ethical decision making that upholds patient and public trust
- 1.2. Employ honesty, integrity, and respect in all interactions
- 1.3. Demonstrate a commitment to advocate for the needs and well-being of patients, colleagues, and self
- 1.4. Demonstrate caring, compassion, and empathy
- 1.5. Demonstrate awareness of one's own biases and sensitivity to diverse patients and colleagues
- 1.6. Identify and fulfill responsibilities and obligations as a learner and a colleague
- 1.7. Recognize and avoid conflicts of interest
- 1.8. Adhere to patient confidentiality rules and regulations

## 2. Medical knowledge

**Each student graduating from BCM will:**

- 2.1. Demonstrate knowledge of established and evolving biomedical, clinical, epidemiological, and social-behavioral sciences, as well as the application of this knowledge to diagnose, manage, and prevent disease
- 2.2. Utilize the principles of public health, epidemiology, and biostatistics in identifying and reducing the incidence, prevalence, and severity of disease to improve health
- 2.3. Interpret diagnostic tests as they relate to common clinical, laboratory, and radiologic findings in the spectrum of health and disease

## 3. Patient care

**Each student graduating from BCM will:**

- 3.1. Demonstrate the ability to engage in an interprofessional team in a manner that optimizes safe, effective patient and population-centered care
- 3.2. Develop and implement patient evaluation and management plans appropriate to all levels of patient acuity
- 3.3. Develop a prioritized problem list and differential diagnosis using patient's biopsychosocial history, medical records, physical exam findings, and diagnostic studies
- 3.4. Obtain consent for and perform basic technical procedures competently
- 3.5. Perform comprehensive and focused biopsychosocial exams in a variety of patient care settings and recognize when each is indicated
- 3.6. Assess health risks using gender- and age-appropriate criteria and recommend potential preventive and therapeutic interventions
- 3.7. Select and interpret diagnostic tests accurately
- 3.8. Interpret physical findings accurately
- 3.9. Utilize critical thinking to provide appropriate evidence or support for clinical decisions and management of diseases
- 3.10. Provide timely and accurate documentation of all assessment, plans, interventions, and orders – including prescriptions and transfers-of-care between providers or settings

#### **4. Interpersonal and communication skills**

**Each student graduating from BCM will:**

- 4.1. Demonstrate patient-centered interview skills in order to create and sustain a supportive and therapeutic relationship with patients and families
- 4.2. Demonstrate the ability to communicate effectively, efficiently, and accurately as a member or leader of a health care team
- 4.3. Demonstrate the ability to effectively communicate and collaborate with colleagues, other health care professionals, or health related agencies
- 4.4. Apply verbal and written medical communication skills to basic and advanced medical scenarios

#### **5. Practice-based learning and improvement**

**Each student graduating from BCM will:**

- 5.1. Identify personal strengths and deficiencies in one's knowledge, skills, and attitudes to integrate feedback and set personal improvement goals
- 5.2. Use and manage technology to access medical information resources to expand personal knowledge and make effective decisions
- 5.3. Apply principles and practices of evidence-based medicine (EBM) in making decisions about prevention, diagnosis, and treatment of disease

#### **6. Systems-based practice**

**Each student graduating from BCM will:**

- 6.1. Analyze the roles insurance plans and health care providers play in the health care system and how they affect providers' and patients' behavior
- 6.2. Provide appropriate referral of patients, including ensuring continuity of care throughout transitions between providers or settings, and following up on patient progress and outcomes
- 6.3. Examine the role of quality improvement and clinical pathways in optimizing health systems
- 6.4. Demonstrate the rationale for reporting and addressing events that could affect patient safety

#### **7. Leadership**

**Building upon the foundation of competence in the other six domains, each student graduating from BCM will be able to:**

- 7.1. Demonstrate the ability to work effectively as a member of an interprofessional health care team
- 7.2. Demonstrate the ability to give and receive behaviorally-specific feedback
- 7.3. Utilize skills that enhance the learning environment and team functioning
